

Activity 1: What is My Learning Style?

Target Audience: Grades 6-9

Objective: The students will:

- Complete a learning styles inventory.
- Identify their learning styles.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Academic Development Standard A: Students will acquire the attitudes, knowledge and skills that contribute to effective learning in school and across the life span.	Educational Achievement Goal 1: Attain educational achievement and performance levels needed to reach your personal and career goals.	ED1.K4: Identify your learning style. ED1.A4: Show how you are using learning style information to improve educational achievement and performance. ED1.R4: Analyze your learning style to develop behaviors to maximize educational achievement and performance.

Resources and Materials:

- What is My Learning Style? activity sheet
- *Career Outlook*, Occupational Section, pages 28-46

Leading Questions and/or Comments:

This is an informal approach to learning styles. It should be used as an introduction, not as a diagnostic tool. Discuss with the students general learning style attributes. Discuss how students do homework and the environment in which they work best when completing homework. Talk about the following:

- Today we are going to determine your individual learning style. We will see how you learn best and then we will match your learning style with compatible occupations.
- Your individual learning style may affect the way you understand information and solve problems.

Activities:

Instruct students to do the following:

- Complete the What is My Learning Style? activity sheet.
- Total each section. The section with the highest score is your learning style.
- Write your learning style in the blank provided. Read the description of your learning style and review the sample occupations that are compatible with that learning style.
- Compare your learning style with your classmates.

Do a class poll to see what the majority learning style is of the class.

- Ask students why it would be helpful to know a classmate's learning style?
- How can knowing your learning style benefit you in a work environment?

Making Connections for Students:

Say to the students:

Now that you know how you learn best, let's review together how knowing this will help you find compatible occupations. Tell me about how your learning style can affect how happy you are at work.

Optional Activities:

Have students:

- Use www.RUReady.ND.gov to journal in their portfolio what their learning style is and what they learned about themselves.
- Research occupations they may be interested in exploring further.

Activity 2: Personality Plus

Target Audience: Grades 9-12

Objective: The students will:

- Complete a personality type inventory.
- Identify their Holland Code.
- Connect their Holland Code to compatible occupations.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.	Personal/Social Goal 1: Develop understanding of yourself to build and maintain a positive self-concept.	PS1.K1: Identify your interests, likes and dislikes. PS1.A1: Demonstrate behavior and decisions that reflect your interests, likes and dislikes. PS1.R1: Assess how your interests and preferences are reflected in your career goals.

Resources and Materials:

- *Career Outlook*
 - Discover Your Personality Type page 8
 - Holland's Six Personality Types page 9
 - Occupational Section, pages 28-46
- Personality Plus activity sheet

Leading Questions and/or Comments:

This is an informal approach to personality types. It should be used as an introduction, not as a diagnostic tool and students should know that there are several methods of identifying personality types. Discuss the meaning of personality types with the students (see page 7 in the *Career Outlook*). Explain that you can be classified into six different groups, according to Dr. John Holland. The six groups are:

Artistic	Conventional	Enterprising	Investigative	Realistic	Social
----------	--------------	--------------	---------------	-----------	--------

These types are just one measure that will help you to understand yourself and allow you to identify occupations that are best suited to your personality. Occupations are also grouped by these traits. A combination of two or three groups is typical.

Talk about the following:

What are some advantages to knowing your personality type? (get along better with classmates/co-workers, helps you realize your full potential, helps you identify occupations that you will enjoy, increases productivity, helps you appreciate other personality types)

Activities:

Instruct students to do the following:

- Complete the 'Discover Your Personality Type' on page 8 in the *Career Outlook*. And have the students complete the checklist on the 'Personality PLUS' activity sheet (first page). Direct students to compare their results from the 'Discover Your Personality Type' with the 'Personality Plus'. Have students complete page 2-3 of the Personality Plus activity sheet by following the instructions in the activity and answering the questions.

Making Connections for Students:

Say to the students: Now that you know your Holland Code, let's review together how knowing this will help you find compatible occupations. Tell me about how your personality type can affect how happy you are at work.

Optional Activities:

Have students:

- Use www.RUReady.ND.gov to journal in their portfolio what their Holland Code is and what they learned about themselves.
- Research any occupations they may be interested in exploring further.

Activity 3: My Career Clusters

Target Audience: Grades 7-12

Objective: Students will:

- Complete an interest assessment to determine their top career cluster.
- Understand what a Career Cluster is and how to use their top cluster(s) to find careers of interest.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.	Career Management Goal 3: Use accurate, current, and unbiased career information during career planning and management.	CM3.K4: Identify several ways to classify occupations. CM3.A4: Give examples of how occupational classification systems can be used in career planning. CM3.R4: Assess which occupational classification system is most helpful to your career planning.

Resources and Materials:

- **Career Outlook**, Career Clusters Interest Survey, pages 6-7
- **Career Outlook**, Career Outlook Occupational Section, pages 28-46
- Activity 3 Student Worksheets
 - Career Cluster Interest Survey pages 1 and 2
 - Career Cluster Match pages 3 and 4
 - Career Cluster Match Answer Sheet (attached to this activity)
- Resources: Advance CTE - www.careertech.org/career-clusters and www.RUReady.ND.gov .

Leading Questions and/or Comments:

This is an informal approach to the Career Clusters. Though much time has been invested in assuring that this survey is a reliable checklist, it should be used as an introduction and not as a valid, reliable assessment tool. Ask/state the following:

- With so many careers and occupations available today, how do you determine where to start your search?
- Career Clusters are groupings of occupations used as an organizing tool for curriculum design.

Activities:

Instruct students to do the following:

- Complete the Career Cluster Interest Survey, pages 6-7 of the *Career Outlook*.
- Draw their attention to the instructions at the top of each column
 - In the first column, check the activities that describe what you like to do
 - In the second column, check the personal qualities that describe you
 - In the third column, check the school subjects you like
- Complete all sixteen boxes and add them up, putting your total in the last column. The top three highest totals will tell you your top 3 clusters. The highest total will be your #1 cluster, the second highest #2 and the third highest #3. Write the totals in the spaces provided in the career cluster chart at the bottom of the page. Circle or highlight your top choice(s).
- Your top clusters will give you a grouping of occupations that are closely related to your personal preferences and interests.
- If your scores are even or close, explore both clusters to see if one seems like a better fit than the other.
- Find out more about your clusters on pages 28-46 of the *Career Outlook*. Read the descriptions at the top of the pages and look over the occupations listed in your top 3 clusters.
- Use the Career Cluster activity page to connect the grouping of occupations in the left-hand column with those career clusters in the right-hand list where you believe the occupation could reasonably be employed. (Occupations may be linked with more than one cluster.)

Making Connections for Students:

Say to the students:

- Now that you have determined your top 3 clusters, especially your top cluster, it becomes much easier to look and search for occupations that are the most closely related to your personal preferences and interests.

Optional Activities:

Explore more careers at www.RUReady.ND.gov and www.careertech.org/career-clusters.

Activity 4: Career Cluster and ND Career and Technical Education (CTE) Program Area Match

Target Audience: Grades 6-11

Objective: Students will:

- Explore CTE Program Areas related to top Career Clusters.
- Identify CTE Program Area(s) that correspond to top Career Cluster(s).
- Understand what a Career Pathway is and what occupations are related to the pathway.
- Identify occupations of interest related to Career Pathways.
- Explore course options that help prepare them for their occupations of interest.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.	Career Management Goal 3: Use accurate, current, and unbiased career information during career planning and management.	CM3.K4: Identify several ways to classify occupations. CM3.A4: Give examples of how occupational classification systems can be used in career planning. CM3.R4: Assess which occupational classification system is most helpful to your career planning.

Resources and Materials:

- **Career Outlook**, Career Clusters Interest Survey, pages 6-7, or Career Outlook User's Guide (COUG) Activity 3 completed - Career Clusters Interest Survey.
- **Career Outlook**, CTE Program Area Section, pages 10-27
- Activity 4 worksheet-Career Cluster and ND CTE Program Area Match
- Resources: Advance CTE - www.careertech.org/career-clusters and www.RUReady.ND.gov .

Leading Questions and/or Comments:

Career Clusters are groupings of occupations used as an organizing tool for curriculum design. Talk about the following:

- Today you will learn more about Career Clusters and which ND CTE Program Area offers courses that prepare you for the occupations that match your interests. Career and Technical Education (CTE) consists of eight program areas developed to provide students with the knowledge and skills they need to be prepared for college and career. Each program area includes instruction and pathways related to multiple "Career Clusters".
- You will also find Career Pathways under the Career Clusters that will help you narrow down your search for careers that match your interests. **How is a career pathway different from a career cluster?** Career pathways are groups of careers that are paired together based on tasks and duties performed on the job. Each career cluster has two to nine pathways. It's another way of grouping careers within a larger group, so you have less work to do!
- Each Career Pathway has unique careers, so knowing your interests will help you choose a pathway that will lead you to occupations that match your interests.
- ND CTE Program Areas offer courses for the occupations that are listed under a Career Pathway. It's important to know that the list of occupations is only a sample. There may be many more occupations that are part of the Career Pathway. Also, all schools do not offer every course that is listed as an option and are suggestions for electives that may help you prepare for the next step.

Activities:

Instruct students to do the following:

- Use the **Career Outlook** pages 10-27 and your Career Clusters Interest Survey results (top Career Clusters) to complete the worksheet.
- Follow the steps listed on page 10 and use the chart on page 11 to find the Program Area(s) that aligns with your top Career Clusters.

Making Connections for Students:

Say to the students:

- You identified your top two to three clusters in My Career Clusters-Activity 3. What occupations found in the Career Outlook (pages 28-46) are of the most interest to you within those clusters?

Optional Activities:

Explore more careers at www.RUReady.ND.gov and www.careertech.org/career-clusters.

Career Cluster and ND Program Area Match Answer Sheet

Using the Program Area Section

Before making a career decision, it makes more sense to start with interests and matching career clusters first before choosing a career pathway.

- If you haven't already, take the **Career Clusters Interest Survey** on pages 6-7. The results of this assessment can help you identify Career Cluster(s) that match YOU and is a great resource for getting started with career exploration and planning your high school courses. Use your top cluster(s) to plan your high school courses!

My top career cluster(s): _____

Understand "career clusters" and "career pathways"

1. What is a Career Cluster? A grouping of careers that have a lot in common. Knowing your top cluster(s) can help you figure out careers based on your likes and dislikes.

2. How is a career pathway different from a career cluster? Career pathways are groups of careers that are paired together based on tasks and duties performed on the job. Each career cluster has two to nine pathways. It's another way of grouping careers within a larger group, so you have less work to do!

3. What is a CTSO? A career and technical student organization (CTSO) is a co-curricular group for students in Career and Technical Education pathways to further their knowledge and skills by participating in activities, events, and state and national competitions.

*CTSOs put students in contact with others who share their career interests and develop citizenship, technical, leadership, and teamwork skills essential for students who are preparing for the workforce and further education. The experience is fun and can lead to lifetime relationships with future professional colleagues.

Using the chart of page 11 of the **Career Outlook**, find a program area that includes your top cluster. You may have more than one cluster that interests you, so doing research on more than one will increase your chances of finding the perfect career!

1. Program area(s) that match my top career cluster(s): _____

2. What CTSO(s) align with your top career cluster(s)? _____

Using pages 12-27 in the **Career Outlook**, find the program area that matches your career cluster(s). Look at the Career Cluster(s) and Pathways listed under the program area that interests you. Each pathway has several unique careers, so knowing your interests will help you choose a pathway.

1. Choose a ND CTE Program Area that includes your top career cluster(s): _____

2. Choose a career cluster under this program area: _____

3. Which career pathway interests you under this cluster? _____

4. Choose an occupation that interests you from the list of occupations listed under that career pathway: _____

5. What are some classes that you could consider under this career pathway? _____

Activity 5: What are My Work Values?

Target Audience: Grades 9-12

Objective: The students will:

- Complete a work values inventory.
- Identify their top three work values.
- Connect their work values to compatible occupations.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard C: Students will understand the relationship between personal qualities, education, training and the world of work.	Personal/Social Goal 1: Develop understanding of yourself to build and maintain a positive self-concept.	PS1.K4: Identify your work values/needs. PS1.A4: Demonstrate behavior and decisions that reflect your work values/needs. PS1.R4: Assess how your work values/needs are reflected in your career goals.

Resources and Materials:

- Career One Stop – under Explore Careers - Self-Assessment- Choose Work values. Go to: <https://www.careeronestop.org/ExploreCareers/Assessments/work-values.aspx>
- What are My Work Values? activity sheet
- **Career Outlook**, Occupational Section, pages 28-46
- Results from Activity 2 - Personality Plus (or Career Outlook – Discover Your Personality Type pages 8 and 9).
- Results from Activity 3 - Career Clusters Interest Survey (or **Career Outlook** - Career Cluster Interest Survey pages 6-7).

Leading Questions and/or Comments:

This is an informal approach to work values. It should be used as an introduction, not as a diagnostic tool. Discuss the meaning of work values with the students. Explain that the value will have a direct relationship to the type of work that you will find satisfying, the environment that is best for you, and the type of people with whom you will spend most of your waking hours. Knowing yourself will allow you to seek opportunities that will fulfill you most effectively and enable you to do your best.

Talk about the following:

- Do personal values and work values differ? If so, in what way?
- Explain that our values help us make decisions – in our personal lives and in the workplace. Values also help us to decide what kind of work we might like to do.

Activities:

Instruct students to do the following:

Instruct students to do the following:

- Have the students go to Career One Stop – under Explore Careers - Self-Assessment- Choose Work values. Go to: <https://www.careeronestop.org/ExploreCareers/Assessments/work-values.aspx> and read about values and choosing work that reflects your values for career satisfaction.
- Have the students take the [Work Values Matcher](#) to help them rank the 6 universal work values. The **Work Values Matcher** results creates a chart of work values from most important to least important and matches them to careers that use that align with their work values. Instruct the students to expand the top 2 or 3 values in the chart to learn more about that value.
- Have the students click on the “Learn more about...” at the bottom of each value to learn more.
- Then have students click on “See the list of careers that highlight the value of ...” Students can explore their list of matching careers (based on education). Have students list careers that interest them from these lists on their worksheet.
- Next, have students complete the ‘What are My Work Values?’ activity sheet by prioritizing the values listed in the order of most importance.

- Have students answer the question, “What does this say about what you prefer in your work life?” and “What are your top three work values?”
- Have students report their results from lesson 2 and 3.
- Considering your top three work values, identify three compatible occupations in the blanks provided.
- How can knowing your work values benefit you in a work environment?

Making Connections for Students:

Say to the students:

Now that you know what you value in your work environment, let’s review together how knowing this will help you find compatible occupations. Tell me about how knowing your work values can benefit you in a work environment.

Optional Activities:

Have students:

- Use **RUReady.ND.gov** to complete the Work Values Sorter and research careers with these work value characteristics.
- Research any occupations they may be interested in exploring further.

Activity 6: Rate My Workplace Skills

Target Audience: Grades 10-12

Objective: The students will:

- Rate their workplace skills.
- Recognize the skills they already have.
- Identify the areas they need to improve in order to be successful.
- Relate their skills to skills employers look for in employees.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.	Career Management Goal 4: Master academic, occupational, and general employability skills in order to obtain, create, maintain, and/or advance your employment.	CM4.K1: Describe academic, occupational, and general employability skill CM4.A1: Demonstrate the ability to use your academic, occupational, and general employability skills to obtain or create, maintain, and advance your employment. CM4.R1: Assess your academic, occupational, and general employability skills and enhance them as needed for your employment. CM4.K3: Recognize that a variety of general employability skills and personal qualities (e.g., critical thinking; problem solving; resource; information; and technology management; interpersonal skills; honesty, and dependability) are important to success in school and employment. CM4.A3: Demonstrate attainment of general employability skills and personal qualities needed to be successful in school and employment (e.g., critical thinking; problem solving; resource; information; and technology management; interpersonal skills; honesty, and dependability). CM4.R3: Evaluate your general employability skills and personal qualities (e.g., critical thinking; problem solving; resource; information; and technology management; interpersonal skills; honesty, and dependability).

- Results from Activity 3 - Career Clusters Interest Survey (or **Career Outlook** - Career Cluster Interest Survey pages 6-7).
- Results from Activity 2 - Personality Plus (or Career Outlook – Discover Your Personality Type pages 8 and 9).

Leading Questions and/or Comments:

Ask students for skills they know, and list them on the board. Explain and discuss “skills.” One definition of a skill that is used in career development is “a goal-directed behavior that has been or can be strengthened through practice.” Tell the students:

- We all have skills.
- Often, skills seem so natural to us, we take them for granted.
- Sometimes you have a skill that you do over and over and it becomes something you are really good at doing.

Activities:

Instruct students to do the following:

- Have the students go to Career One Stop-Explore Careers-Self-Assessment-Skills Assessment <https://www.careeronestop.org/ExploreCareers/Assessments/skills.aspx> and read about the skills needed for employment, Technical Skills and Soft Skills.
- Have the students take the [Skills Matcher](#) to help them identify their skills. The **Skills Matcher** results creates a list of their skills and matches them to careers that use those skills. Instruct students to click on the “See your full list of skills” on the left for their skills list. Students can explore their list of matching careers.
- Rate your workplace skills using the Rate Your Workplace Skills activity sheet.
- Identify which workplace skills you need to work on for your career goal. Think about how others would rate your skills and if it would be similar to how you rated yourself.
- Use the list of workplace skills to develop 5 interview questions an employer would ask a potential employee during a job interview.
- Complete the chart on page 3 of the activity sheet using results from your Career Cluster Survey, Personality Plus activity, and Skills Matcher list of matching careers.

Making Connections for Students:

Ask the students:

- Understanding how employers are looking at workplace skills, how can this information help you succeed as you enter the job market?
- How can employees be valuable assets to businesses?
- If robots or computers are more accurate in doing many tasks, how can employees avoid being replaced?

Optional Activities:

Have students:

- Practice interviewing each other using the questions they have developed and focusing primarily on workplace skills.
- Use www.RUReady.ND.gov to journal in their portfolio what they will do to improve the skills they have identified as important to their career goal.
- Use other resources from the Career One Stop site to help students explore their skills and careers.

Activity 7: Career Outlook Occupation Section Search

Target Audience: Grades 7-12

Objective: The students will:

- Complete the **Career Outlook** Occupational Section Search to become familiar with how to use this section of the magazine.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard B: Students will employ strategies to achieve future career goals with success and satisfaction.	Career Management Goal 3: Use accurate, current, and unbiased career information during career planning and management.	CM3.K2: Recognize that career information includes occupational, education and training, employment, and economic information and that there is a range of career information resources available. CM3.A2: Demonstrate the ability to use different types of career information (i.e., occupational, educational, economic, and employment) to support career planning. CM3.R2: Evaluate how well you integrate occupational, educational, economic, and employment information into the management of your career.

Resources and Materials:

- **Career Outlook** Occupation Section Search activity sheet
- **Career Outlook**
- Results from Activity 2 - Personality Plus (or Career Outlook – Discover Your Personality Type pages 8 and 9).
- Results from Activity 3 - Career Clusters Interest Survey (or **Career Outlook** - Career Cluster Interest Survey pages 6-7).

Leading Questions and/or Comments:

This worksheet is designed to walk students through the Occupational Section of the **Career Outlook** magazine to familiarize them with this section of the publication. Talk about the following:

- The occupational and related information in the **Career Outlook** is broken into sixteen Career Clusters. You are encouraged to use the Career Clusters Interest Survey located on pages 6 and 7 of the Career Outlook, in Activity 3 – My Career Clusters, or in RUReady.ND.gov to help identify the cluster or clusters most closely related to your personal preferences and interests.
- To find your Holland Type (code) use the 'Discover Your Personality Type' survey in the **Career Outlook** on pages 8-9, Activity 2 – Personality Plus survey, or the Interest Profiler or Career Key in RUReady.ND.gov.

Activities:

Instruct students to do the following:

- Complete the **Career Outlook** Occupational Section Search activity sheet.

Making Connections for Students:

Ask the students:

- Now that you are somewhat familiar with this career resource, how can you make it work for you?

Optional Activities:

Have students:

- Research occupations they may be interested in exploring further in www.RUReady.ND.gov.

Activity 8: Great Careers Start in School

Target Audience: Grades 9-12

Objective: Students will:

- Research the relationship of a subject area to an occupational choice.
- Create a presentation (posters or PowerPoint) to show how a subject area is related to occupations.

Resources and Materials:

- Great Careers Start in School activity sheet
- **Career Outlook** Occupational Section - pages 28-46
- Groups of 2-4 students
- Completed Activity 7 student worksheet

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard C: Students will understand the relationship between personal qualities, education, training and the world of work.	Educational Achievement Goal 1: Attain educational achievement and performance levels needed to reach your personal and career goals.	ED1.K7: Recognize that your educational achievement and performance can lead to many workplace options. ED1.A7: Show how your educational achievement and performance can expand your workplace options. ED1.R7: Assess how well your educational achievement and performance will transfer to the workplace.

Leading Questions and/or Comments:

- Before the groups begin the activity, be sure to go over the criteria on how to use the **Career Outlook** Occupational Section on page 28 and completed Activity 7 with the students.
- Direct students to the career cluster sections that match most closely with the skills you teach and occupational descriptions to gain information about careers that may be related to your subject area.

Activities: In groups of 2, 3 or 4 (depending on the size of your class), have groups explore occupations that may use skills related to this class. Refer to pages 28-46 in the **Career Outlook** Occupational Section.

- Select 10 occupations related to a favorite subject (e.g., Math, Science, Family and Consumer Sciences, Information Technology). Fill in the chart with the Career Cluster Pathway, Holland Type (code), Related Occupations, ND Average Wage, Top 100, Bright Outlook, High Demand, High Skill, Energy, Military ratings information for each occupation.
- On page 2 explain briefly how each occupation you chose is related to this class.
- Select three occupations from your list and create a PowerPoint slide or poster for each occupation using the criteria on the activity sheet.
- Each group will contribute slides/posters to the presentation, including everyone's Great Careers in _____ (e.g., Math, Science, Family and Consumer Sciences, Information Technology...).
- Watch the presentations as a class.

Making Connections for Students: Following the class presentation, ask students if they noticed any common trends with the information presented? For example, were a lot of the occupations high skill, high wage and/or high demand? Discuss similarities and differences of the occupations with the class.

Optional Activities: Present the information to other classes to promote occupations/careers in your subject matter.

Activity 9: What Does School Have to Do with a Real Job?

Target Audience: Grades 9-12

Objective: The students will:

- Connect skills that are used in school with those used in the work force.
- Identify school activities that help prepare them for the workplace.

Resources and Materials:

- What Does School Have to Do with A Real Job? activity sheet
- **Career Outlook** articles:
 - Job Service North Dakota, page 59
 - Finding a Job & Getting Work Experience, page 49

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.	Educational Achievement Goal 1: Attain educational achievement and performance levels needed to reach your personal and career goals.	ED1.K1: Recognize the importance of educational achievement and performance to the attainment of personal and career goals. ED1.A1: Demonstrate educational achievement and performance levels needed to attain your personal and career goals. ED1.R1: Evaluate how well you have attained educational achievement and performance levels needed to reach your personal and career goals.

Leading Questions and/or Comments:

This lesson will help in showing students that the skills they develop in school matter in their future workplace setting.

Ask the following:

- What do you think school has to do with a real job? List their responses on the board.
- How many of you have a part time job? Identify some of the work skills that you have learned on the job.

Activities:

Instruct students to do the following:

- Complete the skills chart on the activity sheet.
- When everyone has completed the chart, read a skill and ask students to share how that skill is used at school and in the workplace. They can use their chart as a guide in providing this information.

Making Connections for Students:

Go over the discussion questions that are at the end of the activity sheet with the class. When finished, students should write their ideas, plans or goals in the space provided.

Optional Activities:

Invite a Job Service representative to come to your class to discuss what skills employers are looking for when they are hiring employees. Use the **Career Outlook** as a resource to find the Job Service office near you.

Activity 10: Employment Outlook

Target Audience: Grades 7-12

Objective: Students will:

- Locate a variety of careers in the **Career Outlook**.
- Explore the average wage and demand for a variety of careers.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard B: Students will employ strategies to achieve future career goals with success and satisfaction.	Career Management Goal 3: Use accurate, current, and unbiased career information during career planning and management.	CM3.K2: Recognize that career information includes occupational, education and training, employment, and economic information and that there is a range of career information resources available. CM3.A2: Demonstrate the ability to use different types of career information (i.e., occupational, educational, economic, and employment) to support career planning. CM3.R2: Evaluate how well you integrate occupational, educational, economic, and employment information into the management of your career.

Resources and Materials:

- **Career Outlook**, How to Use the Occupational Section, page 28
- Occupational Section, pages 28-46
- Employment Outlook activity sheet

Leading Questions and/or Comments:

This activity is designed to encourage students to seek and explore various career options listed in the **Career Outlook**. Students will look at North Dakota Employment, and North Dakota Earnings of various careers. They will also look at Top 100, Bright Outlook, High Demand, High Skills, High Wage, Energy, and Military careers in North Dakota.

Do the following:

- Review the meaning of the information in the charts on the activity sheet prior to the students doing this activity. The chart information is also on page 28 of the Career Outlook.
- Encourage questions and further exploration throughout the activity.

Activities:

Instruct students to do the following:

- Answer the questions on the Employment Outlook activity sheet using the **Career Outlook** Occupational Section, pages 28-46, as a reference.

Making Connections for Students:

Encourage the students to dig for the information in the **Career Outlook**. Exploring what is listed in each cluster and looking at wage and employment information of occupations can be valuable to students as they explore their options.

Optional Activities:

Have students:

- Explore more about labor market information at:
 - www.RUReady.ND.gov
 - www.jobsnd.gov and click on Labor Market Information.

Activity 11: What Are My Career Options?

Target Audience: Grades 10-12

Objective:

The students will:

- Examine career possibilities that are available to them.
- Research agencies and organizations that provide decision making resources for career planning.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard B: Students will employ strategies to achieve future career goals with success and satisfaction.	Career Management Goal 2: Use a process of decision-making as one component of career development.	CM2.K4: Identify alternative options and potential consequences for a specific decision. CM2.A4: Show how exploring options affected a decision you made. CM2.R4: Assess how well you explore options when making decisions.

Resources and Materials:

- **What Are My Career Options** - activity sheet
- **Career Outlook**

Leading Questions and/or Comments:

Say to the students:

- You each have many options available to you as you consider your career goal.
- We will look at a variety of options by reading articles in the *Career Outlook*. This will give you a better idea of what is available.

Activities:

Instruct students to do the following:

Read each of the following articles/ads in the *Career Outlook*. (Students may do this individually or in groups)

- Page 59, Job Service North Dakota
- Page 55, Why Choose a NDUS School and ND University System Admission Requirements
- Page 54, NDUS Distance Education Courses & ND Center for Distance Education
- Pages 56-57, North Dakota Army National Guard/military option
- Page 63, North Dakota Postsecondary Programs 2022-23 Estimated On-Campus Budgets
- Use the **What Are My Options** worksheet to record any positive or negative aspects that would affect your personal decisions as you read.

Making Connections for Students:

Say to the students:

- Choosing which option will work for you is a personal decision. Weighing the possibilities to see which option best suits your financial situation, time commitment to school and other personal preferences needs to be considered.

Optional Activities:

Have students:

- Explore their options further using additional resources such as RUReady.ND.gov, and the North Dakota University System websites at www.ndus.edu.
- Go to **Insights.nd.gov** is the state's official source for information about public education across North Dakota. You can find more in-depth information on ND CTE Program Areas career pathways, ND public colleges and institutions, degree and program offerings, and ND occupations.
- Use Activity 15, My Career Plan, to assist them in further developing their plan.

Activity 12: College Options and Admissions

Target Audience: Grades 9-12

Objective: The students will:

- Examine careers by education level, college major, and total cost.
- Research a variety of resources to get the career planning information they need.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard B: Students will employ strategies to achieve future career goals with success and satisfaction.	Career Management Goal 2: Use a process of decision-making as one component of career development.	CM2.K3: Describe how information (e.g., about you, the economy, and education programs) can improve your decision-making. CM2.A3: Demonstrate use of information (e.g., about you, the economy, and education programs) in making decisions. CM2.R3: Assess how well you use information (e.g., about you, the economy, and education programs) to make decisions.

Resources and Materials

- **Career Outlook** pages 28-46 and page 63
- College Options and Admissions activity sheet

Activities

- Use the **Career Outlook**, ND University System Admission Requirements, page 55, and the College Options and Admissions Activity sheet.
- Read the worksheet directions carefully and explain to students
 - Use **Career Outlook**, Occupational Section, pages 28-46 for **steps one, two and three**.
 - Use **Career Outlook**, ND Estimated On-Campus Budgets, page 63 to do **step four**.
- Read about the ND University System admission requirements on Page 55 of the **Career Outlook**. Discuss the core requirements of college admissions.

Making Connections for Students

Have students look closely at their answers and ask/discuss the following

- Why is it important to start researching college options early?
- What resources did you find most helpful in finding the information?
- What other observations can be made about your findings?

Optional Activities

Have the students

- Research further and record any relevant career exploration information using www.RUReady.ND.gov
- Have students save their findings to their portfolio.
- Go to **Insights.nd.gov** the state's official source for information about public education across North Dakota. You can find more in-depth information on ND CTE Program Areas career pathways, ND public colleges and institutions, degree and program offerings, and ND occupations.

Activity 13: Comparing College Programs

Target Audience: Grades 9-12

Objective: The students will:

- Examine careers by education level, college major, and total cost.
- Research a variety of resources to get the career planning information they need.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard B: Students will employ strategies to achieve future career goals with success and satisfaction.	Career Management Goal 2: Use a process of decision-making as one component of career development.	CM2.K3: Describe how information (e.g., about you, the economy, and education programs) can improve your decision-making. CM2.A3: Demonstrate use of information (e.g., about you, the economy, and education programs) in making decisions. CM2.R3: Assess how well you use information (e.g., about you, the economy, and education programs) to make decisions.

Resources and Materials

- **Career Outlook** and computer access
- Comparing College Programs activity sheet

Leading Questions and/or Comments

Each student will need a **Career Outlook** Magazine and a computer for further research on the activity page.

Activities

Use a variety of resources RUReady.ND.gov

- ☐ College website
- ☐ ND University System: www.ndus.edu
- ☐ Go to **Insights.nd.gov** the state's official source for information about public education across North Dakota. You can find more in-depth information on ND CTE Program Areas career pathways, ND public colleges and institutions, degree and program offerings, and ND occupations.

Making Connections for Students

Have students look closely at their answers and ask/discuss the following

- Why is it important to start researching college options early?
- What resources did you find most helpful in finding the information?
- What other observations can be made about your findings?

Optional Activities

Have the students

- Research further and record any relevant career exploration information using www.RUReady.ND.gov
- Save their findings to their portfolio.

Activity 14: RU Ready for Life after High School?

Target Audience: Grades 10-12

Objective: The students will:

- Assess their readiness for life after high school.
- Discuss in writing how they can better prepare themselves for postsecondary education.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Personal/Social Standard B: Students will make decisions, set goals and take necessary action to achieve goals.	Career Management Goal 4: Master academic, occupational, and general employability skills in order to obtain, create, maintain, and/or advance your employment.	CM4.K3: Recognize that a variety of general employability skills and personal qualities (e.g., critical thinking; problem solving; resource; information; and technology management; interpersonal skills; honesty, and dependability) are important to success in school and employment. CM4.A3: Demonstrate attainment of general employability skills and personal qualities needed to be successful in school and employment (e.g., critical thinking; problem solving; resource; information; and technology management; interpersonal skills; honesty, and dependability). CM4.R3: Evaluate your general employability skills and personal qualities (e.g., critical thinking; problem solving; resource; information; and technology management; interpersonal skills; honesty, and dependability).

Resources and Materials:

- RU Ready for Life After High School? activity sheet
- RU Ready for Life After High School checklist

Leading Questions and/or Comments:

This is an informal survey related to college readiness. It should be used as a tool for thought and discussion, not as a diagnostic tool. Discuss with the students the attributes that make them better prepared for life after high school. Talk about the following:

- How do you know that you are ready for the next step beyond high school graduation?
- What have you done to prepare for the next step in your life?

Activities:

Instruct students to do the following:

- Complete the RU Ready for Life After High School? checklist
- Using the RU Ready for Life After High School? activity sheet, take a look at the responses and answer the questions as honestly as possible.

Making Connections for Students:

Ask the students:

- Now that you have taken some time to review your responses, what suggestions would you make to someone who wanted to further develop in these areas? (Join student organizations to learn to compromise, socialize, develop leadership skills/take classes that will develop skills/make connections with parents, counselors and teachers that can help you define your future)
- How can this assessment help you prepare for your future work life?

Optional Activities:

Have students:

- Use www.RUReady.ND.gov to journal in their portfolio to discuss what they have learned about themselves and what their plans are to make improvements in the areas that are not strong.

Activity 15: My Career Plan

Target Audience: Grades 7-12

Objective: The student will:

- Develop a career plan.
- Evaluate their skill level and related experiences.
- Compare their skills to their career goal.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard B: Students will employ strategies to achieve future career goals with success and satisfaction.	Career Management Goal 1: Create and manage a career plan that meets your career goals.	CM1.K2: Describe how to develop a career plan (e.g., steps and content) CM1.A2: Develop a career plan to meet your career goals. CM1.R2: Analyze your career plan and make adjustments to reflect ongoing career management needs.

Resources and Materials:

- My Career Plan activity sheet
- **Career Outlook** on pages 10-27 **ND CTE Program Area Section** and pages 28-46 **Occupational Section**
- Results from Activity 5 – What are My Work Values and Activity 6 – Rate My Workplace Skills

Leading Questions and/or Comments:

Explain to students that career goals are goals that you set for your career path. They can be anything from your career choice to where you want to be in your career in a certain number of years. A career defines how you want to spend a large part of your life, so career goal setting is something that everyone should be doing regardless of what career they choose.

Example; “My career goal is to be a construction manager someday. To achieve this career goal, I need either a two-year degree or four-year degree in Construction Management and some on-the-job experience.”

Ask the students:

If this was your career goal, what skills and experiences would help you reach your career goal?

Activities:

Do the following:

- After a brief introduction to writing career plans, have the students write their career plan by filling out the My Career Plan activity sheet.
- The **Career Outlook** on pages 10-27 **ND CTE Program Area Section** and pages 28-46 **Occupational Section** and their results from Activity 5 – What are My Work Values and Activity 6 – Rate My Workplace Skills will provide students with the information needed to complete the activity sheet.
- When the students have completed their career plan, they can share with the class or place it in their student portfolios.

Making Connections for Students:

Say to the students:

The process of writing down a career plan is a valuable step in career planning. Your career plan will change with your changing needs, but you may use this process along the way to figure out what is best for you and your career decisions.

Making Connections for Students:

Have students:

- Discuss what they discover about the costs of a college education including additional costs not directly related to education expenses.
- Research further about their college choices on the college websites.

Optional Activities:

- A lesson on budgeting and credit would be beneficial.
- Students may interview actual college students from the area to have them discuss the costs of a college education.

Activity 17: Financing My Education

Target Audience: Grades 9-12

Objective: The students will:

- Explore a variety of financial aid information resources.
- Test their knowledge of financial aid information.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard C: Students will understand the relationship between personal qualities, education, training and the world of work.	Career Management Goal 3: Use accurate, current, and unbiased career information during career planning and management.	CM3.K1: Describe the importance of career information to your career planning. CM3.A1: Show how career information has been important in your plans and how it can be used in future plans. CM3.R1: Assess the impact of career information on your plans and refine plans so that they reflect accurate, current, and unbiased career information. CM3.K2: Recognize that career information includes occupational, education and training, employment, and economic information and that there is a range of career information resources available. CM3.A2: Demonstrate the ability to use different types of career information (i.e., occupational, educational, economic, and employment) to support career planning.  - Bank of North Dakota – page 54
 - ND Postsecondary Programs and Estimated On-Campus Budgets – page 63
 - RUReady.ND.gov – page 50 and page 64
 - Web resources and additional Financial Aid Information - pages 3 and 4 of this activity.

Leading Questions and/or Comments:

This lesson is not meant to be an exclusive coverage of the financial aid topic for your students. It provides general knowledge about financial aid to encourage them to explore further and ask questions.

Activities:

- Assign students to read and report on articles and information in the **Career Outlook** - Web resources and additional Financial Aid Information - pages 3 and 4 of this activity.

- Have students complete the Financing My Education activity sheet individually or in pairs to test their knowledge about the financial aid information. (This tool could also be used as a pre and post-test)
- After the students have completed the sheet, go over the answers together. They may have additional questions regarding financial aid you may help them with or refer them to several web resources:

Target Audience: Grades 8-12

Objective: The students will:

- Identify various types of social networking and their purpose.
- Recognize benefits and dangers of social networking sites.
- Share strategies for using social networking when in the job market.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Personal/Social Standard B: Students will make decisions, set goals and take necessary action to achieve goals.	Personal/Social Goal 2: Develop positive interpersonal skills including respect for diversity.	PS2.K1: Identify effective communication skills. PS2.A1: Demonstrate effective communication skills. PS2.R1: Evaluate your use of effective communication skills. PS2.K2: Recognize the benefits of interacting with others in a way that is honest, fair, helpful, and respectful. PS2.A2: Demonstrate that you interact with others in a way that is honest, fair, helpful, and respectful. PS2.R2: Assess the degree to which you interact with others in a way that is honest, fair, helpful, and respectful.

Resources and Materials:

- Social Media in Career Planning activity sheet
- **Career Outlook**, 'Finding a Job & Getting Work Experience' page 49
- Internet access

Leading Questions and/or Comments:

This lesson will inform students about the changing face of social networking as well as the benefits and dangers.

Ask/state the following:

- How many of you use Facebook? Twitter? Instagram? Snapchat? Other social networking sites?
- What uses does it serve for you and others you know? (Write on board)
- We are going to explore the ways that social networking can help you or become a hindrance.

Activities:

Do the following:

- Have your students read the article 'Finding a Job & Getting Work Experience' on page 49 in the **Career Outlook**.
- Using the 'Social Media in Career Planning' activity sheet, divide students into groups of 3-4 with each group having access to a computer or smartphone.
- Have students complete the group activity and answer the questions in the worksheet.
- When they are all done with the worksheet, each group can share their answers with the class.

Making Connections for Students:

Tell the students:

- Social networking sites have so many benefits in staying connected and reconnecting with friends and family to meeting new people. When used properly and with common sense and care, they can be an asset to planning for your future.

Optional Activities:

Have students:

- Use www.RUReady.ND.gov to journal in their portfolio what they have learned about social networking and how it could affect their future positively and negatively.
- Evaluate their social networking sites to see if they have appropriate information and privacy settings.

Activity 20: Make It Your Business

Target Audience: Grades 9-12

Objective: Students will:

- Learn the meaning of the word entrepreneurship.
- Complete an assessment to determine if self-employment is a viable option.
- Create a business plan.

ASCA Standard	National Career Development Goal	National Career Development Guidelines
Career Development Standard C: Students will understand the relationship between personal qualities, education, training and the world of work.	Career Management Goal 4: Master academic, occupational, and general employability skills in order to obtain, create, maintain, and/or advance your employment.	CM4.K6: Identify the advantages and challenges of self-employment. CM4.A6: Make decisions for yourself about self-employment. CM4.R6: Assess the impact of your decisions regarding self-employment on your career goals.

Resources and Materials:

- Make It Your Business activity sheet
- **Career Outlook** – ‘Entrepreneurship – Is it for you?’ page 23

Leading Questions and/or Comments:

This is an informal tool used to assess the skills and interests needed for self-employment. It should be used as a discussion starter and is not to be used as a diagnostic tool.

Do the following:

- Display the word “entrepreneurship” on the board, screen or overhead. Ask students what they think it means.
 - Entrepreneur – a person who organizes, operates, and assumes the risk for business ventures. The word is linked to “enterprise” and originates from Latin “inter” (between) and old French “entrepreneur” (to undertake). The term is often used interchangeably with “self-employed.”
- Explain to the students that to be an entrepreneur requires many skills. Just as the word can be broken down into many smaller ones, so the role of entrepreneur can be, too. Ask the students to name some successful entrepreneurs.

Activities:

Instruct students to do the following:

- Read the ‘**Entrepreneurship – Is it for you?**’ page 23 in the **Career Outlook**.
- Complete the Make It Your Business activity sheet by following the instructions in the activity. (They need to be divided into groups of 3 or 4 for this project)
- Share your group’s plan with the class.
- Score your project and hand in the activity sheet.

Making Connections for Students:

Say to the students:

- Through the self-assessment and group project, what have you learned about becoming an entrepreneur?

Optional Activities:

Have students:
