Burgum Appoints Two New Board Members

Governor Doug Burgum appointed Eric Nelson of Williston and Mike McHugh of Mandan as his choices to the State Education Board and the Board for Career and Technical Education on Thursday, June 23, 2022. Nelson will represent Burke, Divide, McKenzie, Mountrail, Ward, and Williams counties on the board, while McHugh will represent Adams, Billings, Bowman, Dunn, Golden Valley, Grant, Hettinger, Mercer, Morton, Oliver, Sioux, Slope and Stark counties.

ERIC P NELSON

Eric Nelson is the Director of Technology with Creedence Energy Services in Williston. Prior to this position he was the Technical Services Manager and Senior Technical Advisor at Creedence. Prior to his employment with Creedence Energy Services, he was the Laboratory Field Supervisor and Sales Specialist for Baker Hughes Upstream Chemicals. A graduate of the University of North Dakota with a Bachelors in Chemistry and an emphasis in Biochemistry and Molecular Biology, Nelson is currently a member of the Williston Korner Lions and District 1 Republicans.

MIKE MCHUGH

Mike McHugh is a resident in Mandan and employed with the North Dakota Aeronautics Commission and Bismarck Public Schools. He serves on a variety of advisory boards for high school aviation programs in multiple cities, is a member of the North Dakota Aviation Association and serves as the chairman of the State National Association of State Aviation Official. He is a graduate of the University of North Dakota, receiving a bachelors in Aviation Management and a masters in Education—Instructional Design and Technology.

Wayde Sick, CTE State Director said, "On behalf of Career and Technical Education, I would like to welcome Mike McHugh and Eric Nelson, who joined our board in July. I would also like to thank Dr. Jeff Fastnacht and Dr. Steve Holen for their leadership while serving on the Career and Technical Education Board."

CTE Around the State

A variety of camps were held across the state promoting CTE programs and career clusters. Students were engaged in a variety of camp activities helping students. Camps were held in a variety of program areas including those we have featured.

The [Career Academy and Technical Center -BPS](#) Robotics Team brought robotics to the middle school technology-focused STEM Camp! The team members are students from the three BPS high schools as well as home school students. The campers learned block coding and java coding, then programmed the robot to move around a maze. Perhaps this year's campers will be Robotics Team members in a few years! Thank you to the team members for an excellent hands-on presentation and activity!

Marketing Education students from across the state attended the Marketing and DECA Summer Camp in July. Students were able to gain valuable knowledge from business professionals, alumni, and business leaders. Local business professionals and members from the Army National Guard worked with students on problem solving, teamwork and communications. The culmination activity involved local business people in a role play situation where students needed to resolve a problem using state and national performance indicators.

Professionals from the Bismarck Police Department, the Metro Area Ambulance Service, the North Dakota Forest Services, and the North Dakota Game and Fish Department were a part of the STEM Adventure Camp. They shared their experiences and expertise through hands-on activities.

Bismarck State College hosted its annual "Scrub Camp" on Saturday. Normally held earlier in the spring to coincide with classes on campus, it was rescheduled due to the blizzards. Kids from Bismarck and Mandan had the opportunity to spend a day in the life as a nurse. The junior caretakers learned and practiced different aspects and tools of nursing. But for some kids, it offered additional benefits. Nursing students and faculty will lead the kids through different stations where they'll learn everything from patient assessment, to wound care, to operating room practices and quite a bit more. (KFYR)

Transition to Teaching Agenda for Secondary Education Teachers

- Submitted by Dr. Amber Aberle, Coordinator, VCSU

We are offering participants a choice of two different dates to attend the first meeting of the Transition to Teaching Program (T2T) **either** August 11 **or** Aug. 26, 2022, **do NOT attend both**. All meetings are mandatory attendance for full credit of the program. Please note all participants must bring a laptop or mobile device to all meetings in Bismarck.

SECONDARY PROGRAM: 2022-2023

Date	Location	Time
<u>Meeting #1</u> *August 11, 2022 OR *August 26, 2022 <i>*Pick only one of the dates to attend</i>	Aug. 11 th , Coteau Room State Capitol Building in Bismarck Aug. 26 th , ND CTE Conference Room State Capitol 15 th Floor	9:30 – 3:30 Central Time

For more information check updates on the CTE website at www.cte.nd.gov or contact Dr. Amber Aberle at amber.r.aberle@vcsu.edu.

A New Look Coming for FBLA

– Jessica DeVaal, Business Education Supervisor and ND FBLA State Chair

During the 2022 National Leadership Conference in Chicago – FBLA launched a new brand which will be rolled out completely during the 2022-2023 membership year.

Future Business Leaders of America

The new logo incorporates the organization's traditional colors of navy and gold, while the Delta represents FBLA's commitment to the ideals of service, education and progress, as well as our three divisions: Middle School, High School, and Collegiate.

As part of the new brand rollout, Phi Beta Lambda or PBL as we know it will now be called FBLA Collegiate. This will reinforce the message that we are one organization with multiple student divisions and eliminate any confusion with Greek affiliation.

Starting in the new membership year, advisers will have access to the new brand guidelines with instructions for logo usage, etc. and there will be a new store – formerly MarketPlace – to purchase branded items. Members who were in Chicago were able to shop a pop-up Swag Shop with t-shirts, water bottles, etc. for a limited selection of new items. North Dakota FBLA is putting together an apparel order opportunity for advisers to get ND FBLA branded items to wear in the classroom and in their communities. More information will be available soon through the adviser listserv and at PDC.

NDACTE Updates

- Carla Hizon, NDACTE Executive Director

A Great Opportunity for Your CTSO

North Dakota is hosting the ACTE Region V Conference in Fargo on April 12-15. The theme for the event is "CTE: A World of Opportunities." We are looking for a CTSO (or maybe a class) to create thank you gifts for our speakers and special guests. Can your group custom engrave pens, coasters, or other items? Are they able to come up with other creative ideas that would make a nice gift and brand ACTE in the process? If interested, contact Mary Anderson at mjanderson@west-fargo.k12.nd.us by September 30th to get more details and make a proposal.

NDACTE at the CTE Professional Development Conference

The North Dakota Association of Career and Technical Education will be exhibiting on Monday and Tuesday during the conference and board members will be available to answer questions you may have about membership, advocacy, and other membership benefits. Stephen DeWitt, Deputy Executive Director for ACTE will be at the conference this year to share with you his insight to ACTE on the national level, assist at the NDACTE exhibit booth and speak at the General Session on Tuesday at 12:00 pm. For more information about NDACTE or membership contact Carla Hixson, Executive Director, at ndacte@outlook.com or stop by our exhibit booth in Hall B, we have some exciting things planned for the booth this year!

NDACTE Scheduled Meetings During ND CTE PDC

Board of Director's Meeting Sunday, August 7, 2022, 5:00-7:00 pm State Capitol Building, 15th Floor CTE Conference Room.
Annual NDACTE Meeting Tuesday, August 9, 2022, 7:30-8:00 am Event Center: Prairie Rose 105. This meeting is open to all members, or those interested in becoming a member of ACTE/ NDACTE. Alison Orgaard, NDACTE President, will be calling the meeting to order. Come and vote for your representation on the board, election of the new Vice President will be held during the meeting.

2023 Region V Conference Planning Committee meeting, Tuesday, August 9, 2022, 3:15-4:00 pm, Event Center: Pine/Spruce rooms.

Board of Director's Meeting Tuesday, August 9, 2022, 4:30-6:30 pm, Event Center: Pine/Spruce rooms.

Four schools and a total of 30 members, chaperones, and advisors attended the National TSA Conference in Dallas, Texas. Members had a great time taking in the conference activities that included: competition, general sessions, pin trading, meeting the national officer candidates, voting, and doing a lot of networking. They also enjoyed the beautiful Gaylord Texan Resort and water park and a few tourist attractions. Tracy Foss said, "I personally had a great time observing the students, attending leadership training, and networking with other State Advisors."

2022 Career and Technical Education Professional Development Conference Industry Round Tables

Celebrating our Champions

Tuesday August 9, 2022

Round 1: 8:00-9:00 am

Round 2: 9:30-10:30 am

TSA Officers Under New Advisor Complete Training

– Tracy Foss, Supervisor, Technology and Engineering and TSA Advisor

Tracy Foss has been the advisor for TSA for about a year. Her leadership with the new officers, elected in March started the day they were elected. During the leadership training, TSA Officers learned a lot from professional Trainer Jason Wetzler and worked very hard on making plans for the upcoming school year. They worked really well together and put in many hours of work, including 14-hour days. They also managed to have a lot of fun as well. During the planning time, they chose their officer positions, determined their goals for the year, established their responsibilities for the year, created the draft agenda for the Fall Leadership Conference, and reflected on this past year's state conference. Each of the officers brings unique and valuable perspectives and talents to the association and we are very excited for the year.

Officers Chosen: President – Guz Zettel; Vice President – Hannah Scholand; Secretary – Jaida Vivier; Treasurer – Charlotte Hill; Reporter – Cadence Waite; and Sergeant-at-Arms – Brayden Jangula.

Goals Established: 1) Work on increasing their influence to become great leaders; 2) Help make TSA more known across the state; 3) Make the experience of being a TSA member more fun; and 4) Increase involvement/engagement of TSA members.

The Plans: Some of the main responsibilities they will have this year are: chapter recruitment, creation of a digital scrapbook for the year, establishing a social media presence, conducting pin, poster, and graphic contests, leading the Fall Leadership Conference and state conferences and informing the association of past and upcoming events. For chapter recruitment, they have decided to make a presentation at the CTE Professional Development Conference on Wednesday at 9:30 am. They are researching ways of getting information to association members. The Fall Leadership Conference will be October 10, 2022. Draft sessions include: 5 Levels of Leadership; TSA and NDTSA Resources Available; Understanding Competition Requirements/Event Guides; and What It Means to Be an Officer. Perspectives, survey results, and advisory council recommendations were used to reflect on last year's state conference. We will be adding a day to the conference (it will be March 19th – March 21st, 2023); continuing to offer all the national competitions; keep the social (including pizza, dessert, and music); opening the pool during specific times during the conference; and offer non-competitive STEM events.

CTSO Leadership Perspective

"FFA has greatly benefitted me by providing me with opportunities to gain leadership skills, participate in events that teach real-world concepts, and become more actively involved in agriculture. I am so thankful for my time in FFA, and I know that I will carry the lessons I learned from FFA about confidence, preparation, and teamwork throughout my life. I am very grateful for the opportunity to give back to such an impactful organization such as the FFA by serving as a state FFA officer this year."

Faith Norby is originally from the Killdeer FFA chapter where she was a member for 5 years. She will be attending the University of Mary majoring in English Education

State Director's Column

-Wayde Sick, Director, North Dakota Career and Technical Education

An Update on the Workforce Development Council

In May, I wrote about how the Workforce Development Council has focused on Career Exploration and Skills Gap as one of its strategic themes. Through out the spring and summer of 2022, the Workforce Development Council has discussed and fine-tuned the recommendations that will be submitted to the Governor's Office and the 2023 Legislative Assembly. As I mentioned in May, Career and Technical Education is a focus of the Workforce Development Council and their recommendations support the work all of you are doing.

The recommendations, specific to CTE, are as follows:

- ⇒ Provide appropriate funding for the operations and programming of new and expanding Area Career and Technology Centers.
- ⇒ Provide funding to support a minimum of sixteen work-based learning coordinators to serve students attending CTE coursework at Area Career and Technology Centers.
- ⇒ In order to support career awareness and exploration, provide funding to school districts in order to secure access to a dedicated Career Advisor.
- ⇒ Create a full-time Apprenticeship Coordinator, to be housed at the North Dakota Department of Commerce, to assist employers in navigating the process of developing apprenticeship opportunities.

As mentioned, these are simply recommendations, so they will need to go through the budgeting and Legislative Process. It is worth noting, that it is clear that Career and Technical Education has the full support of the Workforce Development Council and its individual members.

For any questions, please feel free to contact me at wasick@nd.gov.

Professional Development Conference

Program Area Sessions

Monday August 8, 2022, 12:30-2:00 pm

and Tuesday, August 9, 2022, 8:00-9:00 or 9:30-10:30 am

Check the program for additional program area sessions on Wednesday.

CTE Professional Development Conference

- Mark Wagner, Assistant Director

I am hoping that your professional development plans include this year's PDC on August 8-10 at the Bismarck Event Center.

Information and the current schedule located on our CTE Webpage : <https://www.cte.nd.gov/sites/www/files/documents/PDC/PDCProgram.pdf>
I hope that you will take in as many opportunities as possible for you to prepare for this upcoming year.

Mark Wagner, Assistant Director,
North Dakota Career and Technical
Education

Mission of CTE

The mission of the State Board for Career and Technical Education is to work with others to provide all North Dakota citizens with the technical skills, knowledge, and attitudes necessary for successful performance in a globally competitive workplace.

General Sessions at PDC

All General Sessions will be held in Hall A of the Bismarck Event Center.

General Session I: Monday, August 8, 2:30-4:30 pm.

Plan to attend as we will hear from State Director Wayne Sick as well as ACTE Deputy Director Steven Dewitt, with updates and the current status of CTE on the state and national level.

This will be followed by our Keynote Speaker Josh Davies, CEO of The Center for Work Ethic Development. Josh Davies is passionate about helping others make a difference in their lives, jobs, and community. Through his work as a speaker and trainer, he has engaged and encouraged professionals across North America, the Middle East, and Asia. His engaging and connecting speaking style combined with relevant content make him an in-demand speaker, giving more than 75 keynote presentations and workshops to education, workforce, and corporate events annually. Mr. Davies has been named by the Global Forum for Education and Learning as one of 2021's Top 100 Visionaries in Education in recognition for his contributions to education globally.

General Session II: Tuesday, August 9, 12:00 pm. Awards Presentations

Following a provided lunch will be the annual presentation of the NDACTE and CTE Director's Awards. The main speaker at this general session is Author and Professional Speaker V.J. Smith. Smith has been a professional speaker for more than a decade. He is also a published author. Smith peppers his talks with anecdotes and personal stories to illustrate key points. Smith honed his speaking skills through his membership in Toastmaster's International. On two occasions he was a finalist in that organization's 'World's Championship of Public Speaking. Smith is the author of the book, The Richest Man in Town.

I look forward to seeing you there!

Professional Development Conference

General Sessions

Monday August 8, 2022, 2:30-4:30 pm
and Tuesday, August 9, 2022, 12:00-1:40 pm

Automotive Teachers Rejoice

- Tracy Becker, Supervisor, Trade, Industry, Technical & Health Sciences Education

From talking with instructors that teach in the automotive cluster and industry partners in the automotive field, I've heard one thing loud and clear, HOW DO I FIND TIME TO RENEW MY ASE CERTIFICATIONS? With ASE testing centers few and far between in North Dakota, finding the time and location can be difficult for teachers and technicians. ASE listened to those concerns and I'm happy to pass along to you another option for certification renewal.

ASE has launched the ASE Renewal App for anyone needing to extend the expiration date of their Automobile Series A1-A9 Certifications. The renewal app allows you to keep your A series certifications current and up to date without visiting a testing center.

So, how does it work?

The ASE Renewal App is subscription based. You will receive one question per area every 30 days delivered straight to the app. After earning 8 credits in one certification area during the subscription period, you will receive a 1-year extension to that certification. If you answer every question correctly on the first try, you could earn 8 credits in about 8 months. Get a question wrong? If you get a question wrong, you will be given a 2nd chance question 10 days later and it will be in addition to your regularly scheduled questions. The 2nd chance questions give you an opportunity to verify that you have learned more about this topic, as well as another opportunity to earn credit toward meeting your certification extension goal. If you miss the 2nd chance question, you will get a 3rd chance after another 10 days. So, you will have multiple chances to earn the required 8 credits. If you accumulate 8 credits for the certification area by the end of your subscription year, your certification will be extended 1 year.

Try it before you buy it! ASE is offering a 3-day free trial.

To get started, follow these 3 easy steps:

STEP 1: Create an account and purchase a subscription [here](#).

STEP 2: Download the ASE Renewal App from the App Store or Play Store

STEP 3: Sign in with your app account credentials to answer questions on PC, tablet, or phone.

For more information visit: <https://ase.com/renewal/landing>
