

# Golden Path Solutions Curriculum Map

## Compass Profile

The following Curriculum Map should be used as a default for rolling out to students to increase their usage of the platform and keep them engaged throughout their high school career. Counselors or Administration within the school should tweak these steps to best fit within their current Work-Based Learning program. Notes are included in each cell to best maximize student usage and provide Compass Administrator guidance in rolling out monthly material.

	September	October	November	December	January	February	March	April	May	Stretch Goals
